

Coverage Report

Report Link: <https://coveralls.io/github/sxsx1xsxs/Time2Meeting?branch=master>

The total coverage until now is 85%. There are some code that we have not covered in the views module and the forms module. We will cover these as soon as possible. And there is a problem that the tool takes our test module into account which dramatically lower our total coverage.

Overall coverage:

Coverage for each module:
